SUBJECT INDEX

A

Accident(s)
prevention and rehabilitation in developing countries, 194.
See also Injuries.
Acetabular dysplasia in etiology of congenital dislocation of hip, *704.
Acetabuloplasty: innominate osteotomy, Chiari's, 174.
Acetabulum, anteversion of, in normal and congenitally unstable hips, *148.
Achilles tendon rupture, partial, with heterotopic ossification, *334.
Acrylics: self-curing acrylic cement
fixation of femoral component of total hip prostheses with, 177.
reaction of bone to, long-term histological studies in man, *340, 393.
Adrenocortical steroid(s)
effect on joint tissues, 183.
therapy, necrosis of femoral head complicating, 175, 192.
Africa, rehabilitation of the disabled in, third symposium on, 194.
Aircraft ejection injuries, 187.
Alcoholism in etiology of idiopathic necrosis of femoral head, 175, 192.
Alkaptonuric arthropathy, *653.
American College of Surgeons, Scudder oration, *761.
American Orthopaedic Association, president's guest lecture, *410.
Amputation(s)
below-knee, osteomyoplastic, for Madura foot, 195.
knee disarticulation, 391.
lower limb, for vascular insufficiency, 784.
traumatic, finger-tip, Kutler repair of, 190.
Amyloidosis of bone, *717.
Anaemia, sickle-cell, bone changes in, 396.
Aneurysmal bone cyst, malignant, 791.
Ankle arthrography, *308.
Ankylosing spondylitis, differential diagnosis from ochronotic arthropathy, 653.
Ankylosis. *See under names of joints.*
Anterior tibial artery, role in blood supply of talus, *160.
Antibiotics
Fucidin with penicillin in treatment of chronic osteomyelitis, *302.
in treatment of acute osteomyelitis in children, *77.
in treatment of chronic osteomyelitis by instillation-suction technique, *88.
recent points in use of, 394.
Anticoagulants, prophylactic, effect on venous thrombosis after fracture of upper end of femur, *268.
Apatite, transformation of some calcium phosphates into, 184.
Arteries
anterior tibial, role in blood supply of talus, *160.
axillary, rupture of, complicating dislocation of shoulder, *313.
median, thrombosis of, causing carpal tunnel syndrome, *330.
peroneal, role in blood supply of talus, *160.
popliteal, injury of, complicating dislocation of knee, 192.
posterior tibial, role in blood supply of talus, *160.
vertebral, insufficiency of, in rheumatoid arthritis, 244.
Arteriovenous fistula within tibia, 186.
Arthritis
chronic synovial effusion, radioactive gold injections for, 193.
degenerative. *See* Osteoarthritis.
infectious
— in infancy and childhood, *474.
— of hip in infancy complicating femoral venipuncture, 793.
— treatment, role of antibiotics in, 394.
rheumatoid
— diagnosis, 193.
— elbow in, arthroplasty of, 193.
— foot in, surgery of: resection of metatarsal heads, 188, 802.
— hand and wrist in:
— — boutonnière deformity, 194.
— — radiology of, 193.
— — surgery of: arthroplasty of metacarpophalangeal joints with silastic prostheses, 187.
— hip in, surgery of: osteotomy, 782.
— knee in:
— — pathology of: a contribution to the understanding of synovectomy, *746.
— — surgery of: synovectomy, 773.
— — — effect on clearance of radioactive xenon, *70.
— spine in, cervical, 800.
— — subluxation of, *244.
— tendon sheaths, bursae and protrusion cysts in, 188.
— treatment
— — intra-articular injections, 194.
— — operative, 193; *symposium*, 392.
— — synovectomy, 586.
Arthrochalasis multiplex congenita. *See* Joint laxity, familial.
Arthrodesis. *See under names of joints, and under* Spine.
Arthrography
of ankle, *308.
of knee, 191.
Arthrogryposis multiplex congenita, *483, *494.
club foot in, talectomy for, 790.
elbow surgery in, 791, 802.
Arthropathy
Charcot's, of spine, *724.
ochronotic, *653.
steroid-induced, of hip, 175, 187.
Arthroplasty
cartilage grafting in: fate of costal allografts and xenografts in dogs, 586.
See also Joint transplantation.
See also under names of joints.
Arthroscopy of knee, 774.
Artificial limbs, lower
below-knee, simple, 396.
immediate post-operative fitting of, 391.
swivel walker for bilateral phocomelia, *688.
Ascorbic acid. *See* Vitamin C.
Association of Surgeons of East Africa, annual meeting, 1969, 396.
Atlanto-axial joint, subluxation, spontaneous, in rheumatoid arthritis, *244.
Australia
orthopaedic associations of English-speaking world, 5th combined meeting, 766.
orthopaedic pioneers of, *597.

* Indicates full article or appreciable part.

Australian Orthopaedic Association, annual meetings: 1968, 390; 1969, 799.
Auto-immune reactions of articular cartilage, 781.
Autoradiographic studies:
with sulphur-35; acid mucopolysaccharide metabolism in intervertebral disc of rabbit, *371.
with tritiated thymidine: fate of chondrocytes in endochondral ossification, *571.
Axillary artery rupture complicating dislocation of shoulder, *313.
Axis vertebra, abnormality of arch of, causing tetraplegia relieved surgically, *465.

B

Back pain, low, due to ganglion arising from lumbar articular facet, *528.
Baker's cysts in rheumatoid arthritis, 188.
Barnes, Roland, awarded C.B.E., 795.
Beds: sand bed, 799.
Belgian Orthopaedic Association, 50th anniversary (*announcement*), 587.
Betts, Lionel O., 600.
Bladder, urinary, paralysis: treatment of incontinence in female, 397.
Blood flow measurement by clearance of ^{133}Xe in rheumatoid knees before and after synovectomy, *70.
Blount's disease. *See* Tibia vara.
Bone and bones
amyloidosis of, *717.
blood supply
— of talus, *160.
— periosteal vascularity, 586.
changes in sickle-cell disease, 396.
collagenase of, 182.
cysts
— aneurysmal, malignant, 791.
— periosteal ganglion, *290.
density: prediction of skeletal weight, 185.
eosinophilic granuloma, *238.
— in children, 802.
fluorosis: histological study of human fluorotic bones, *366.
grafting, heterogenous, 393.
— Kiel bone, 186.
growth
— effect of oxygen tension *in vitro*, 797.
— longitudinal
— — disturbance of, at knee, after osteomyelitis in infancy, *692.
— — stimulation of, by metaphysial forage, for tibia vara, *93.
— *See also* Epiphysial cartilage; Ossification; Osteogenesis.
infections
— hydatid disease in Australasia, 787, 790.
— syphilis of spine, *724.
